

# CONTACT TRACING PROCESS AND PUBLIC HEALTH GUIDANCE

**For more information visit:**

<https://coronavirus.upenn.edu/content/public-health-guidance>

<https://coronavirus.upenn.edu/content/students-testing-positive>

\*If a person tests positive outside of the Penn system, they should report that to PennOpen Pass for guidance

\*\*If at any time a person believes they were exposed, but have not been notified by contact tracers, report the exposure to PennOpen Pass for guidance.

\*\*\*Not all positive cases are on campus during the infectious period. Infectious period is from date of test if asymptomatic or 48 hours before symptom onset if symptomatic.
